Social studies is the foundation of a well-rounded education. It helps us to understand the world around us, and to make informed decisions about the future. In recent years, social studies has been squeezed out of the curriculum in many schools, but this is a mistake. Social studies is more important than ever in the 21st century.

Here are just a few of the reasons why social studies should be a core part of the curriculum:

- **Social studies helps us to understand the past.** By studying history, we can learn from the mistakes and successes of those who came before us. This knowledge can help us to make better decisions in the present and future.

- **Social studies helps us to understand the present.** By studying geography, economics, and civics, we can gain a better understanding of the world around us. This knowledge can help us to make informed decisions about our own lives and the future of our communities.
- **Social studies helps us to prepare for the future.** By studying social studies, we can develop the skills we need to succeed in the 21st century. These skills include critical thinking, problem solving, and communication.

Putting Social Studies Back In The Curriculum is the essential guide for 21st century education. This book provides a comprehensive overview of the importance of social studies in education, and offers practical strategies for teachers to implement social studies in their classrooms.

Putting Social Studies Back In The Curriculum is divided into three parts:

1. **The Importance of Social Studies**
2. **Teaching Social Studies**
3. **Putting Social Studies Back In The Curriculum**

The first part of the book provides a theoretical overview of the importance of social studies in education. The second part of the book offers practical strategies for teachers to implement social studies in their classrooms. The third part of the book provides a roadmap for putting social studies back in the curriculum.

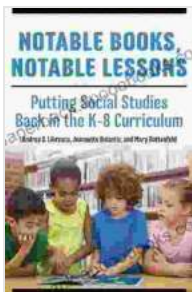

Putting Social Studies Back In The Curriculum is a must-read for anyone who is interested in education. This book is a valuable resource for

teachers, administrators, and policymakers. It is also a great resource for parents who want to learn more about the importance of social studies in education.
