The company was founded in 1907 by James E. Casey, a 19-year-old entrepreneur from Seattle. Casey started UPS with \$100 and a borrowed horse and wagon. The company's first customer was a local department store. UPS quickly grew, and by the 1920s, it was one of the largest package delivery companies in the United States.

UPS continued to grow throughout the 20th century. In the 1950s, the company began to expand internationally. In the 1980s, UPS acquired several other logistics companies, including Emery Worldwide and Mail Boxes Etc.

Today, UPS is a global logistics giant. The company delivers packages to over 220 countries and territories, and employs over 500,000 people worldwide. UPS is a Fortune 500 company and a component of the Dow Jones Industrial Average.

Rank and File

Rank and File is a history of UPS from its humble beginnings in 1907 to its present-day status as a global logistics giant. The book is written by Steve Early, a former UPS employee and labor historian. Early tells the story of

UPS through the eyes of its workers, from the early days of the company to the present day.

Rank and File is a fascinating look at the history of UPS, its workers, and its impact on the American economy. The book is a must-read for anyone interested in the history of business or labor.
