2017. The second part tells the story of the women who fought against the Trump administration's Muslim ban. The third part tells the story of the women who ran for office in the 2018 midterm elections.

The Women's March on Washington

The Women's March on Washington was the largest single-day protest in American history. It took place on January 21, 2017, the day after Donald Trump was inaugurated as president. An estimated 5 million people marched in Washington, D.C., and hundreds of thousands more marched in cities around the world.

The march was organized by a group of women who were outraged by Trump's election. They wanted to send a message that they would not tolerate his misogyny, racism, and xenophobia.

The march was a powerful display of unity and determination. It showed that women were not going to be silenced. It also showed that they were not going to give up fighting for their rights.

The Fight Against the Muslim Ban

One of the Trump administration's first acts was to issue a Muslim ban. The ban barred citizens of seven Muslim-majority countries from entering the United States. It was a discriminatory and unconstitutional policy that caused chaos and fear.

Women across the country fought back against the Muslim ban. They organized protests, filed lawsuits, and lobbied Congress. They refused to let the Trump administration scapegoat Muslims and divide the country.

The fight against the Muslim ban was a victory for women's rights and for the rule of law. It showed that women were not afraid to stand up to injustice.

The 2018 Midterm Elections

In the 2018 midterm elections, women made history. A record number of women ran for office, and a record number of women were elected.

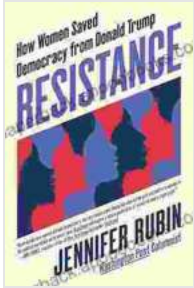

The women who ran for office in 2018 were motivated by a desire to make a difference. They wanted to fight for the things they believe in, such as healthcare, education, and gun control.

The election of so many women to office was a victory for democracy. It showed that women are not only capable of leading, but that they are also committed to making a difference in the world.

Resistance: How Women Saved Democracy From Donald Trump is a powerful and inspiring book. It is a must-read for anyone who wants to understand the role that women played in saving our democracy.

The women who fought back against Donald Trump are heroes. They stood up for what they believe in, even when it was difficult. They showed that women are not afraid to fight for their rights and for the rights of others.

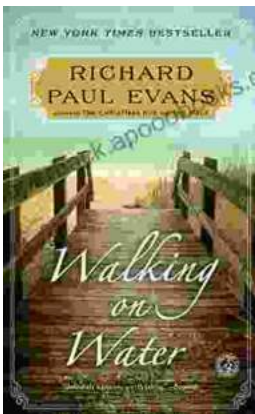

We owe these women a debt of gratitude. They saved our democracy from Donald Trump. They made the world a better place for all of us.
